Adam & Eve

LESSON 7: God originally created the animals and man to live for ever. He placed them in a perfect environment and even daily walked with them in the cool of the evening. God also gave man the ability to choose to obey or not to obey Him. Adam chose disobedience. He willingly ate the fruit of the tree of the knowledge of good and evil. Sin is like an atomic bomb; its fallout affects everything for generations. All creation was now subject to death. Sin multiplies from generation to generation. Adam's son, Cain, not only disobeyed God regarding an offering, he then murdered his own brother. Soon, a descendant of Cain, Lamech, would brag about murder. We continue today in Genesis Four:
