**Lesson Seven:** The Lord said that all the thoughts of mankind were continually evil all of the time. This evil was the reason for the Flood. God had given man 120 years to repent and return to Him. He even sent a preacher of righteousness to proclaim His message and build the ark. No one believed Noah. Only Noah, seven others in his family and the animals entered the ark. The flood covered the entire earth.

Noah and the others were in the ark about 375 days. Then God spoke to Noah instructing him to leave the ark and begin life again on earth. God even made a covenant with Noah, his family and their descendants, the animals, birds and their descendants, to never again destroy the earth by water. The rainbow was the sign of the covenant. Noah and his family now begin again. Our lesson continues in Genesis Chapter Nine:
